SECTION 3 - DESCRIPTION OF SERVICES, Continued**3.6 LIT FIBER SERVICES, Continued****3.6.4 Rate Categories**

Non-recurring and monthly recurring rates apply for each Lit Fiber Service furnished by the Company. Unless otherwise noted, two standard rate elements are used in calculating the monthly recurring rate for each service. The charges associated with each rate element is a maximum rate.

- A) Fixed Charge: This rate element applies on per circuit basis.
- B) Per Mile Charge: This rate element applies whenever there is mileage associated with the digital channel. The unit rate is multiplied by the number of miles between the two LEC end offices serving the geographic areas in which the end-points of the channel are located. Mileage is determined according to the V&H coordinate method set forth in the NATIONAL EXCHANGE CARRIER ASSOCIATION, INC. PRICE SCHEDULE F.C.C. No. 4. Fractions of a mile are rounded up to the next whole mile before rates are applied.

3.6.5 Basic and Mixed Vendor Services

OC-192 and higher services, including 40 Gbps and 100 Gbps Services may be provided as either Basic or Mixed Vendor Services, depending upon the availability of facilities. Basic Service rates apply when both end-points of the channel are served by the Company's network. Mixed Vendor Service rates apply when one endpoint of the transmission channel is served by one or more third party.

OC-192 and higher services, including 40 Gbps and 100 Gbps channels where both endpoints are served by a local exchange carrier's network will be provided at the sole discretion of the Company, and on an Individual Case Basis (ICB).
